 10. There will be no state group of five competition.

Showmanship

Exhibitors in the showmanship contest must be entered in the show to participate. Three divisions (Junior, Intermediate, Senior) will be offered divided by age of the junior as of January 1, 2017. Divisions will be made after all entries have been received. Novice showmanship will be offered to any junior to young to participate in the show and can exhibit someone else's animal.

Selection of National Showmanship Contestants

Georgia's contestants for National Showmanship will be selected during the Southern National Junior Angus Show. Any junior wishing to participate in this contest must sign-up with the Southern National Committee by 5 p.m. on the day of junior showmanship Friday, June 2. Contestants do not have to own the animal they exhibit for the contest, but must have owned at least one registered Angus. The top two placings will represent Georgia at the 2017 National Showmanship Contest. The next two placings will serve as alternates.

PARTICIPATION STATEMENT

The American Angus Association, 3201 Frederick Avenue, St. Joseph, MO, will participate in premiums offered in individual classes for junior Angus heifers, bred and owned heifers, bred and owned bulls, cow/calf pairs and registered Angus steers as included in its standard show classifications, according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums

offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of fifteen (15) head must be shown in the junior Angus heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.

To be eligible for Association premiums the entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individual show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay on premiums offered in championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.

Exhibitors must have the original registration certificate on each animal available for inspection at the show or another current proof of ownership issued by the American Angus Association pedigree look up. Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.

Any female shown with a calf at side, the calf must be the cow's most recent natural calf and the calf must be registered by show date and have the original registration certificate at check in.

Only one person at a time shall lead animals into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 811. These rules can be found at www.angus.org.

Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

EXHIBITION OF LIVESTOCK IN GEORGIA HEALTH RULES

No livestock will be allowed entry into the exhibition facility without the proper health records and required tests. A Georgia Department of Agriculture representative may be present to examine all livestock.

Intrastate Health Requirements

All animals being exhibited in any type of livestock show must be individually identified and accompanied by a Certificate of Veterinary Inspection. The Certificate of Veterinary Inspection must show proof of the requirements outlined in these regulations for the appropriate species. The Certificate of Veterinary Inspection must be issued within 30 days prior to exhibition with the following exceptions:

Brucellosis Requirements: Georgia cattle have no brucellosis test requirement for exhibition. However, the cattle must originate from herds that are not under quarantine for brucellosis. Steers may move unrestricted from brucellosis quarantined herds.

Tuberculosis Requirements: Georgia cattle have no tuberculosis test requirement for exhibition. However, the cattle must originate from herds that are not under quarantine for tuberculosis.

Interstate Movement Health Requirement

All livestock entering Georgia for exhibition must meet Georgia's interstate movement health requirements.

Cattle originating from states designated by the USDA as Brucellosis Class Free for at least two (2) years may enter Georgia without a brucellosis test or prior permit.

Bovine Brucellosis: All cattle eighteen (18) months of age or older regardless of brucellosis vaccination status shipped into Georgia must test negative to an official brucellosis test within thirty (30) days prior to entry. The standard plate agglutination test is not acceptable. The State Veterinarian may exempt certain cattle from brucellosis test requirements when it is determined that such cattle do not pose a risk for introduction of brucellosis into Georgia. The following are exempt from a Brucellosis test prior to entering Georgia: (a) Steers and spayed heifers; (b) Cattle younger than eighteen (18) months of age; (c) Cattle consigned to a state or federally approved slaughter establishment; (d) Cattle from Certified Brucellosis Free Herds provided the date of the last herd test and the certified herd number are recorded on the Certificate of Veterinary Inspection. Cattle quarantined for brucellosis shall not be transported into or within Georgia unless transported directly to a state or federally approved slaughter establishment.
